1. The Azure Developer support plan is not available through an Enterprise Agreement.

2. Customers who purchase Microsoft Azure services under Enterprise, the Microsoft Customer Agreement and/or Server Cloud Enrollment directly from a Microsoft representative will receive the Azure Standard support plan free of charge until their anniversary date. [See details here.](#)

3. Microsoft's competitive rates start at 6–12% — in many cases beating other software and cloud vendors. This new holistic approach supports an organization's full Microsoft ecosystem, to help customers power transformational outcomes across the business. During the annual support period, pricing will not change when new purchases are made under the included license agreements.

4. Contact your partner for support details of products licensed via the Cloud Solution Provider (CSP) program.
